Hope you're having a great weekend! In case you didn't have a chance to check out the paper this morning, wanted to share an editorial that agrees with Councilman Bonin's vision for the ITF alternative, which we have now dubbed "LAX Connect."

Mass transit, meet LAX. Maybe.
The latest ideas from Los Angeles World Airports and the MTA may work, though planners still have a long way to go

Thanks,
Jessica

Hi all-

Councilman Bonin chaired a joint meeting of the City Council's Transportation and Trade, Commerce & Tourism Committees where LAWA shared a presentation on the ITF alternative for the Crenshaw/LAX line. Wanted to share the coverage with you.

Thanks again for all the work you've done to promote this effort, feel free to pass this along!
